PRICE LIST

52nd Year

The YORK  
NURSERIES

500 Acres

1887

1939-40

Reg. U. S. Pat. Ofcs.

Let this TRADE MARK be your  
buying guide. It stands for  
*Quality and Service*

LIFE IS PRECIOUS—

and should be protected against possible injury. Nursery stock may be thrown around like old shoes, but what about it's life? We are specialists in handling "PLANT LIFE" from seed to maturity, and delivery to you.

---

# TO OUR PATRONS

If any nursery stock proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

This Price List includes the best of the older varieties and the cream of the newer sorts. We feel sure that they will give satisfaction to every customer. We grow and can furnish other varieties than those named, and solicit correspondence regarding the same. The ones listed have been found by test to be well adapted to this latitude, and are general favorites.

## OUR MOST LIBERAL GUARANTEE

We guarantee all nursery stock to be State Inspected, free from disease, and to reach you in a live, healthy, vigorous condition. If any stock fails to grow by July 1st, and notice is sent to the Harrison Nursery Co., at York, Nebraska, on or before July 5th, free replacement will be made. Any stock dying the first year after July 1st, will be replaced the following spring at one half of current list price.. This guarantee is backed by a firm rendering satisfactory service for a half century.

## TRANSPORTATION CHARGES

Transportation charges will be paid on everything when shipped with regular delivery. Single shipments amounting to \$10 or more will be prepaid, on all orders for less than \$10.00 shipment will go forward with charges collect.

# The Secret of Success is doing one thing and doing it well

and doing it well is a record to which we can point with much pride and satisfaction. Judging by the hundreds of letters received from satisfied customers, who have been making permanent improvements by planting the best, causes us to want to continue the same course in the future. We are just old fashioned enough to believe in the old adage that it will not pay a person to be a Jack-of-all-trades and master of none.

The tree family is similar to the human family. A child one year of age does not have the vitality that a child three years of age has and its chance for a long life is not so great. The younger child needs far more attention than the older child. How like this is Nursery stock. We have the experience and facilities which the planter does not have, for growing the young stock into more mature trees and we can do it much cheaper and better than he can. Our experts, after working three years on a tree, produce one that is just right for orchard planting. Think of it, one bushel of fruit will more than pay the price of one of these trees and too, you will get a crop two years sooner than you would if you were to plant yearling trees—this is economy.

You will agree with us that no Nursery in existence is more careful than we are in packing Plant Life for safe delivery. This is a service that is worth while and we know it is appreciated. Do not forget to call on us for advice at any time during the year. We want to help you in every way that we can.

**HARRISON NURSERY COMPANY**

**York, Nebraska.**

---

You cultivate corn to obtain a crop,  
why not your orchard?

Before planning your home grounds be sure to get in touch with our Landscape Department. Planting should not be done in a haphazard manner. Information and advice is free for the asking.
